Honorable William J. Webster, Director
Federal Bureau of Investigation
J. Edgar Hoover Building
Washington, D. C. 20535

Dear Judge Webster:

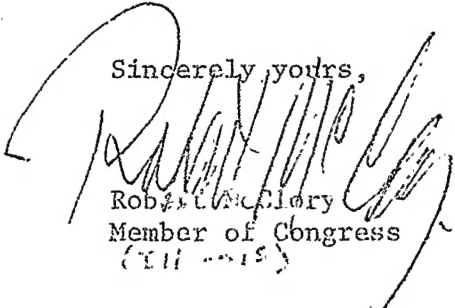

I am writing in regard to the impact of the Freedom of Information Act and the Privacy Act (FOI/PA) on the operations of the FBI.

I share the concerns on this matter which you have expressed throughout your first year in office and am strongly desirous of working with you to have enacted legislation to remedy this troubling situation. One specific suggestion you have made in which I am particularly interested regards permitting only those FBI records which are more than a certain number of years old.

I would appreciate you sharing with me any proposals that you feel the Congress should consider in a review of the FOI/PA. Perhaps one productive route might be to take up such consideration during the authorization process in the Judiciary Committee.

The criticisms of the FOI/PA which you raise are certainly quite reasonable and it is my sincere hope that the Congress will respond with definite actions in the near future.

Sincerely yours,

Robert McClory
